18) The proper duty of the Barr Sepoys is to escort treasure from one Government treasury to another, but not to escort or guard the money belonging to the P.W.D. or any other Department. The Police have to find the guard required for this; or the Department concerned should make its own "bundobast" to guard it

19) The drafting too, of such small detachments for purely civil work, militates greatly against the efficiency of the Corps

20) Moreover as the Treasury guards have all to be increased now, and the vacancies in each regiment are too many, I do not think that the Commandant of the Infantry regiment at Mysore can spare men for these civil duties at present.

Sir,

In forwarding herewith copies of the marginally noted correspondence together with a copy of letter No.5950 dated the 20th June 1914 from the Chief Engineer requesting that four Police constables may be deputed to Akkihebbal for the purpose of escorting treasure and guarding the Treasury, I have the honor to state that in view of the work at the place being likely to last for a long time, it is not possible to lend the services of four constables without detriment to the regular Police duties, especially at the time when there are large numbers of cooly gangs employed on numerous other works in progress in places surrounding Akkihebbal. Hence, I request that you may be so

Letter No.101 dated 25-5-1914 from the Executive Engineer, No.4 Division, Akkihebbal, to the Superintendent of Police, French Rocks Circle.

Encl to Pol 20-14

I have the honor to state that the Government of H.H. the Maharaja of Mysore have sanctioned the formation of a Public Works Division at this place and that the Inspector General of Police has been addressed through the Superintending Engineer, Cauvery Reservoir works, for the supply of four Police constables to guard the treasure chest in my office at present, cash to the extent of Rs.2000/- will be kept in the woodden chest. I request that you will kindly arrange to supply two Policemen early or order the Station House Officer of this place (Akkihebbal) to depute a constable to watch the money during nights, on the day the cashier goes to the Treasury two constables may be ordered to escort the treasure.

Letter No.1105 dated 30-5-1914 from the Superintendent of Police, French Rocks Circle to the Executive Engineer, No.4 Division, Akkihebbal.

In reply to your No.101 dated 25-5-1914 requesting to supply four Police constables to guard the treasure etc., I have the honor to state that it is not possible to depute men, till additional force is sanctioned.

****

Letter No.150 dated the 28th May 1914 from the Executive Engineer, No.IV Division, to the Superintending Engineer, Cauvery Reservoir Works.

I have the honor to request that the Inspector General of Police may kindly be addressed to arrange for supplying this office with four Police constables with two guns

to guard the Treasure Chest in this Division. The largest sum that will have to be placed in the chest, when the works both in Mandagere and Hemagiri channels are in full swing may raise from 6 to 8,000 rupees. During slack season at least Rs5000 will be kept in the Treasury chest. Once in a week or in ten days the money that will be required for disbursements during the next week will be ~~brought from disbursements during the next week will be~~ brought from Yedatore or Krishnarajpet Taluk Treasury according to convenience. During floods in Hemavati, Yedatore will be preferred. Under this arrangement even the piece workers are expected to be paid by cash as otherwise the work is likely to be delayed for want of timely payments to coolies and men employed under their agency.

The Superintendent of Police, French Rocks Circle, has been requested to order the Station House Officer of this place to depute a Police Constable to watch at nights till the men applied for arrive.

As this is a small village and as large Government cash is to be got from Yedatore, Treasury guards may kindly be requested to be given at once

Very early arrangement may kindly be made in this important matter.

Letter No.318 dated the 6th June 1914 from the Superintending Engineer, Cauvery Reservoir Works, to the Chief Engineer of Mysore.

I have the honour to forward herewith a copy
